

FINE ORGANIC INDUSTRIES LIMITED

Corporate Social Responsibility (CSR) Activities

- With our CSR initiative, we address the need of the community by taking sustainable initiatives in the areas such as Education, Healthcare, Woman Empowerment and Environment Conservation etc. We partners with Local NGOs and Social Service Institutions in delivering projects that leave maximum impact in the lives of the people affected.
- In the time of Covid pandemic we with our implementing partners, provided daily life essentials to the affected communities and also provided PPE Kits to the hospitals.

Area of Implementation

Education

Educational support to children in Slum and Rural areas

Educational support for Special Children

Under our Education initiative, we are supporting following Welfare Institutions across India

1. **Parivaar Education Society**
