Corporate Social Responsibility

F.Y. 2025-26

Project updates of F.Y. 2025-26

Deepstambh Foundation - Pune

- **Deepstambh Foundation's "Manobal" Residential Training Centre** supports students with disabilities, orphans, and underprivileged transgender youth across India by providing inclusive residential skill-based training.
- **Fine Organics** is supporting the development of a new centre, which will benefit **50 specially abled students**, enabling them to access quality training and opportunities for independent living.

The Society for the Rehabilitation of Crippled Children SRCC - Mumbai

- **Fine Organics** is supporting activities under a **Comprehensive Autism Program** for needy and underprivileged children.
- The program offers integrated paediatric rehabilitation and developmental therapies—including behavioural, speech, occupational, educational, aquatic, and creative therapies—under one roof. It aims to enhance communication, social interaction, motor and sensory skills, emotional regulation, and independence in daily living.

Aqua therapy Group Session

Yoga Group Session

Hemophilia Society Mumbai

Fine Organics is supporting the **Hemophilia Society** by providing essential clotting factor medicines, ensuring timely and life-saving treatment for hemophilic patients. This support enables rapid response during emergencies, helps prevent severe bleeding complications, and improves the overall quality of life for patients by ensuring continuity of care. Through this initiative, Fine Organics is contributing to better disease management and strengthening healthcare support for vulnerable individuals living with hemophilia.

Centre at Somaiya Hospital

Sarthak Educational Trust - Mumbai

- **Fine Organics** is supporting **Sarthak's JEET (Job Entrepreneurship and Empowerment Training) Program** to empower needy and vulnerable persons with disabilities by providing vocational skill-building and employment-oriented training.
- The initiative equips youth aged 18–35 years with essential life skills, basic IT knowledge, and sector-specific training, followed by pre-employment readiness and placement support. Through this support, Fine Organics is enabling persons with disabilities to achieve sustainable livelihoods, financial independence, and social inclusion across multiple states in India.

Project updates of F.Y. 2024-25
